Helendale Community Services District

DATE: February 22, 2021
TO: Board of Directors
BY: Cheryl Vermette, Program Coordinator
FROM: Kimberly Cox, General Manager
SUBJECT: Agenda item #3
Discussion and Possible Action Regarding Resolution 2021-03 A Resolution of the Board of Directors of the Helendale Community Services District Board Approving the Application for Statewide Park Development and Community Revitalization Grant Funds

STAFF RECOMMENDATION:

Staff seeks approval from the Board regarding this item.

STAFF REPORT:

Staff has been working on the Prop 68 Statewide Park Development and Community Revitalization Program Grant application which is due on March 12, 2021.

This is the final round of funding for the Prop 68 funds. A total of \$395,302,155 is available this round to fund the creation of new parks as well as the renovation and expansion of parks throughout the State. There will be significant competition for this grant. Applicants can request a minimum of \$200,000 and a maximum of \$8,500,000. A total of 62 grants were awarded to 52 recipients under the Statewide Park Development and Community Revitalization Grant Program, totaling \$254.9 million. This grant does not require a match.

Previously, the Board directed Staff to request \$5,500,000 in funding to create a new park on Vista Rd. Staff has worked hard on getting pricing and creating a budget for the grant application. The District recently met with a metal building contractor who gave a detailed estimate on building costs which came in at \$5,939,755. Staff has worked with the designer to reduce some of those costs and will provide an updated estimate at the meeting. Due to the estimated cost of the building, revisions to the budget will need to be made. The Board may elect to remove some amenities from the grant application or decide to raise the amount requested in the grant.

Some items to consider that will not be included in the grant request:

- Parking lots
- Water and Sewer lines to the facility
- Site grading (with the exception of grading for the building)

Below is a table of the original request totaling \$5,500,000.00

Park Feature	Estimated Cost
Outdoor Basketball Courts / Roller Hockey	100,000.00
NEW Community Garden boxes and Fence 100'x75' area	13,000.00
