What is LIHWAP

LIHWAP stands for the Low-Income Household Water Assistance Program. It is a federally funded program that offers a **one-time** payment, **up to a maximum of \$2,000**, to help you pay your current or past-due water and/or wastewater bills that accrued during **any timeframe**.

Your household may qualify if your total household gross income is at or below 60% of the State Median Income or a household member is a current recipient of CalFresh or CalWORKs.

You receive service from a participating community water system or wastewater treatment provider (private wells and septic excluded). Visit www.capsbc.org/lihwap for a list of participating providers. Renters may also qualify if your water and/or wastewater bill is included in your rental payment, and you are past due on rent.
