Food Vendors, Beer Garden, Cornhole & More

Advanced Metering Infrastructure Installation Project

Over the last few years, the CSD has been working on installing new "smart meters" throughout the community. These meters allow our Staff to monitor for potential leaks and irregular usage. If unusual usage is detected our Staff can notify customers in a timely manner. This will help customers save water!

The District has been awarded several grants from the Bureau of Reclamation and Mojave Water Agency to assist in purchasing these new meters. Our water operations staff will continue to replace meters over the next couple of years. You may see them from time to time in your neighborhood at the meter box. The process usually takes about thirty minutes, at which time the customer's water will need to be temporarily shut off.

If you have any questions regarding the meter replacement program, please feel free to contact our office at (760) 951-0006.

National Night Out is a nationwide event designed to build relationships between neighbors and law enforcement and bring back a true sense of community.

Made with PosterMyWall.com

Important Billing information

Please note beginning in July, the sewer service charge will increase by \$5.00 per month. Residential trash rates will increase by \$0.53 for standard service (1 trash bin and up to two recycling bins). You will see these rates reflected in your August bill.

Trash Service

The District will be transitioning from a green trash barrel to a black trash barrel. This will not affect your service in any way. Please note, you do not need to call to schedule a barrel exchange, we will exchange them automatically.

Consumer Confidence Report

Helendale CSD's 2021 Consumer Confidence Report (CCR) was uploaded to the Districts website at www.helendalecsd.org/2021ccr.pdf prior to July 1, 2022. This report contains important information about your drinking water, including statistics from hundreds of water quality tests performed throughout the year. The CCR is intended to inform and assure citizens that their drinking water is of the highest quality and meets all State and Federal water quality standards. Our staff takes great pride in providing safe water to our customers. If you would like a printed copy of the report or if you have any questions or concerns regarding your drinking water please contact Water Operations Manager, Craig Carlson at 760-951-0006.

Soccer Sign Ups

Soccer registration is now open! Register early and save – register before August 15th and save \$10 per registration. Payment plans are available.

Season: September 17th to November 19th

HELENDALE FARMERS MARKET

The market is open every Wednesday from 3 pm to 7 pm rain or shine. We have a great variety of vendors with everything from fresh fruits and vegetables to bread, honey, salsa, baked goods, and so much more. Every week we have artisan crafts, delicious homemade food and several food trucks to choose from!

EBT accepted for fruits, vegetables and packaged foods, and get up to \$15 free every week! (some restrictions apply)

GET MORE FRUITS & VEGETABLES

Double your food dollars at the Farmers Market!

Thanks to a grant through the Market Match program, customers using EBT can get up to \$15 in **FREE** fruits and vegetables every week. Visit our booth in Suite D for more information!

July Watering Times: Before 9:00 am and after 6:00 pm. Due to warmer weather, it is best to water during the early morning and late evening hours to reduce evaporation.

- Take a few minutes each week to check your sprinklers for water run-off. You'll save water and save money on your water bill.
- Check irrigation emitters, valves, sprinklers, and lines for clogs, leaks and breaks.
- Keep adding to mulches throughout the summer to conserve water, keep roots cool, and deter weeds.
